

**STRONG  
AGRICULTURE  
PRODUCTIVITY  
GROWTH**

Factors behind the agriculture sectors growth:

- ✚ Irrigation expansion
- ✚ Improved technology
- ✚ More efficient market
- ✚ Widespread mechanization

**VIBRANT RURAL  
ECONOMY**

**DIVERSIFICATION ON- AND OF OFF-FARM FOR FASTER INCOME GROWTH,  
BETTER NUTRITION AND INCREASED RESILIENCE TO CLIMATE**

1. Promote high value agriculture with more effective and efficient public expenditures, research and advisory services.
2. Promote rural non-farm enterprise growth and jobs through a modern food system with upgraded market facilities.

### THE PRIORITY ACTIONS

- ✚ **A balanced development strategy for pro-poor growth, food security and nutrition.**
- ✚ **More rapid diversification in agriculture.**
- ✚ **Further improving the policy framework.**
- ✚ **Continue investment in connectivity.**
